2 styles

Single Layer (1 panel) Your image on a single HD Photo Metal panel OR **Twin Layer (2 panels)** One HD Photo Metal panel shadow mounted[®] over a second larger HD Photo Metal panel. Wide range of background textures, patterns & graphics to choose from, or create your own. [®]set forward by approximately 1cm.

2 surface finishes

CLEAR coated brushed HD Metal with a high gloss finish. Allows the surface of the metal to show through in white image areas giving it a metallic luminescence. A very artistic look that works well with high key and high contrast images, cars and metal subjects, signs etc.. OR **WHITE** coated smooth HD Metal with a high gloss finish. The most accurate photo quality look where whites are white. An excellent surface for any subject matter.

2 ways to display

Smaller sizes are displayed with a metal easel including hanging slot for table and wall use. Larger sizes come standard with a metal easel or change to a shadow mount block for a floating effect. Premium metal plate with hanging slot is mounted off the back with a wood block. Also includes rubber cushioning bumpers to protect the walls. The shadow mount option is wall mountable only.
