

GET ORGANISED

PHOTO SCAN BOX

memories scanned to CD or DVD

No longer do family members need to argue over who has the family photos. Fotofast's Scanning service is your solution. Your photographs are then protected from the ravages of time, weather, crayons, humidity and poor storage conditions*. Additional disc copies of the digital files are readily available for other family members. These quality scans can then be viewed on your computer, or other devices such as DVD players, etc. You can also then have real photo prints made of your photos through our easy self service photo kiosks.

- A. Purchase a box
- B. Fill it with photo prints*
- C. Bring it back to store & let Fotofast do the rest

*special conditions apply to this offer

ready from 1 week*

FAQ

Do I get my photographs back? Yes they never leave our store. I have some enlargements, can they be scanned? Yes, we scan wallet size to 8x12" (20x30cm). Am I required to do anything before I bring in my photographs? Yes at this low price we ask that you prepare your photos for scanning. What can I do if some photos are scanned side-ways or out of order? You may use any photo program on your computer to turn or sort them. Several of my photos have priceless data written on the back. Is there any way to scan that information? Yes, We can scan both sides so you have that information, note this will count as two scans. Can I have titles for years or family groups? Yes write or print the information on 10x15cm cards and place them before that group.

PHOTO SCAN BOX ORDER FORM & CONDITIONS

Customer name: _____

Contact number: _____

Scanning charges, for bulk orders made from photo prints (not slides).

All photos must be submitted at the same time; our workflow doesn't allow for "add ons"

- Up to 500 photos (see original print size requirements), including DVD
- duplicate CDs \$5.00 each.
- duplicate DVDs \$10.00 each.

How to prepare your photographs for scanning

As this is a high speed, low cost service it is important that all photographs be prepared for scanning

- #1 Only loose unmounted photos can be scanned (not on any thick backing), therefore remove all photographs from albums & album pages.
- #2 Make certain there is no hanging tape or sticky substance on the photographs and are not torn or bent. Remove all staples, paperclips etc, as these will damage the scanner.
- #3 Sort pictures by size and direction. We can scan no smaller than wallet size (2½x3½") up to 8x12". Our suggestion is that you bundle each size and direction separately. A 6x4" (10x15") index card is a handy way to separate your bundles. If a picture is turned sideways or upside down it will be scanned that way.
- #4 Photographs with data on the back, which you wish to have scanned with the photograph, will need to be sorted separately and counts as two scans.
- #5 With the Scan Box offer we only create one folder, so make sure you start with the first print you want on the bottom, not on the top. If you want to help keep groups of photographs together, you may want to put a 6x4" (10x15") index card at the beginning of each group with some information on it for your own use. We will scan those along with the photos making it easier for you to create individual folders at a later date.
- #6 By law we are unable to scan copyrighted images, UNLESS you have a written copyright release from the copyright holder, generally the photographer.

Scanning Technical Specifications: Our standard scanning resolution for this service is 600 dpi.

This is adequate for making good copies the same size or up to a 20x30" print from the original photo.

Folders: All photos are scanned into the one folder, multiple folders will be charged at \$2.00 per folder.

Non-conforming photos: Mounted or thick photos, such as Polaroid and Kodak Instant Photos, may not feed through our automated equipment. Neither will photos less than about 2½ by 3½ inches or over 6x8" We can scan them, but there is a cost of \$2.00 each for these pictures which must be custom scanned.

OPTIONS:

- Make Multiple Folders as per my instructions, extra folders will be charged at \$2.00 each
- Do Custom scan non-conforming images up to 8x12. These will be charged at standard scan rates
- Do NOT scan non-conforming images and return them.

We have to honour photographers' copyrights. If you submit photos that are the identifiable work of a professional photographer we will return them un-scanned, unless you provide us with the permission of the photographer(s).
